

## *Matter of Fact*

---

*Musik & Text: IrishStew*

Sometimes your life is easy going  
everything is fine, so you  
sing and you pray and you shout and you say:  
"best life on earth is mine" !

Sometimes you feel that life must change 'cause  
everything got stuck: just don't  
worry but tell what you want it to be  
trust to find your luck

Few weeks later  
you remember and see what you  
never could expect; life has  
changed and things you've asked for to be are  
today a matter of fact
